بخش دولتی

سیاست گذاری

برنامه ریزی

ارزشیابی و نظارت

پژوهش

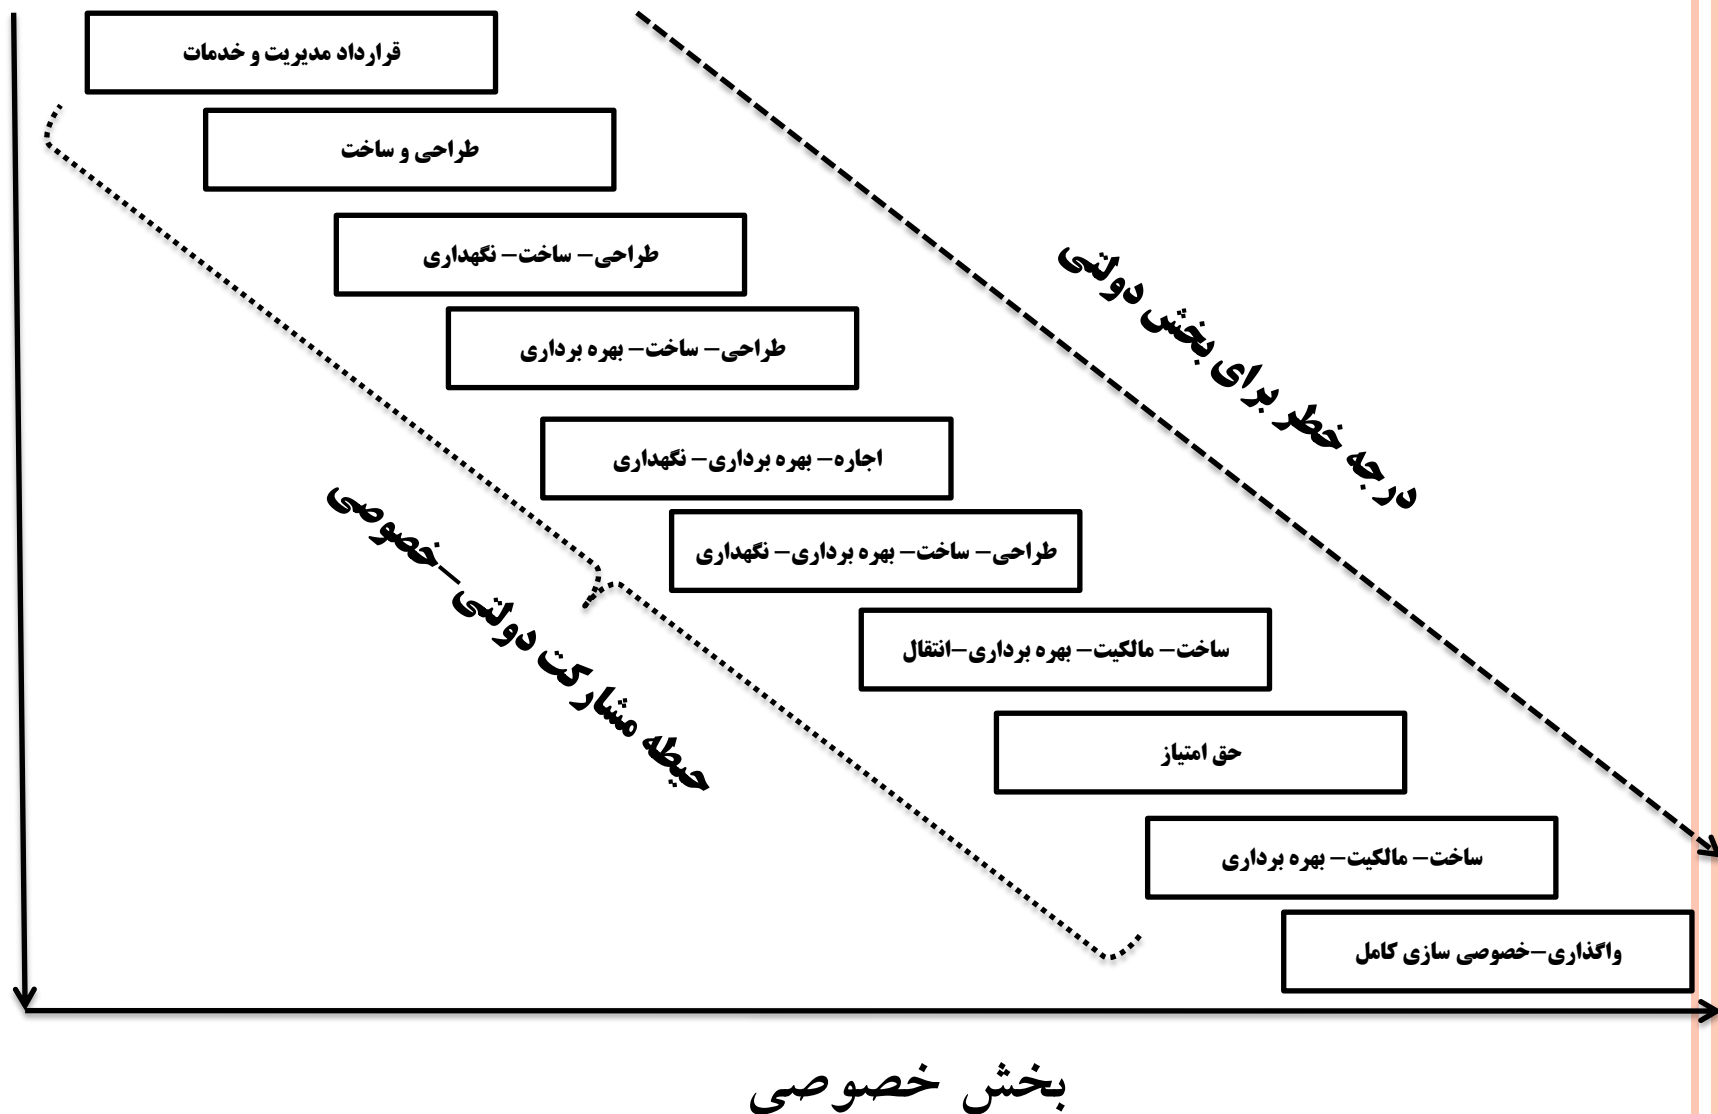

آموزش

اجرا (ارائه خدمت)

بخش غیردولتی

الگوی مسئولیت ها در مشارکت بخش های دولتی و غیردولتی در ارائه خدمات بهداشت عمومی

بخش دولتی

مقیاس انواع روش های ارائه خدمات از ابعاد خطر و مسؤلیتهای بخش دولتی و خصوصی

Public private partnership in in-service training of physicians: the millennium development goal 6-partnership for African clinical training (M-PACT) approach

Obinna Ositadimma et al, West Africa, 2018

Methods:

- The RCP and WACP initiated the M-PACT program with funding obtained from Eco Bank Foundation
- 681 physicians from across the West African region
- medical leadership, malaria, tuberculosis and HIV/AIDS
- pre-and post-course testing, as well as daily and summative assessment to evaluate the courses.
- a six-month post-training evaluation

Results:

- positive participant feedback
- clinical practice of participants on prescription patterns, diagnostic approaches and case finding
- a decline in incidence and mortality due to malaria, HIV and TB
- significant impact on subsequent clinical practice, as demonstrated by the 6-month post-training review
- improved patient outcomes

Energy performance and public private partnership

Frederic Bougrain, France, 2016

Methods:

1. Evaluation of the performance of PPP projects: a literature review:

- ☐ respect for timely delivery and costs,
- ☐ innovation,
- ☐ service quality and
- ☐ life cycle costing;

2. ESPC: a case study (after implementation):

face-to-face and phone interviews with: the manager of the Energy Department and the technical executives

results:

Respect of timetable 

contracted price 

innovations 

quality of service delivery 

life cycle costs 

PUBLIC–PRIVATE PARTNERSHIPS IN INFORMATION AND COMMUNICATION TECHNOLOGY FOR EDUCATION

Jouko Sarvi et al, 2015

Methods:

Brief descriptions of seven PPP initiatives involving ICT for education:

1. Infrastructure, Leasing, and Financial Service(IL&FS) (India)
2. Samoa Schoolnet (Samoa)
3. The Virtual University Pakistan (VUP) (Pakistan)
4. National Skills Development Corporation (NSDC) (India)
5. Low-cost Aakash Tablets (India)
6. GILAS (Gearing up Internet Literacy and Access for Students) Project (Philippines)
7. Intel Teach (Indonesia)

Results:

WHAT ARE THE IMPLICATIONS FOR POLICYMAKERS?

- Develop a Common Understanding of the Term
- Adopt Appropriate Partnerships for the Context
- Encourage the Development of Regulatory Frameworks
- Create a Clear Vision and Objectives
- Continuous and Transparent Monitoring

A review of studies on Public–Private Partnership projects in the construction industry

LiYaning Tang et al, 2010

Methods:

- ☐ Review papers relevant to PPP published in the six leading construction management journals
- ☐ 1998 to 2007
 - case studies= 57
 - Surveys= 43
 - Literature reviews= 34
 - Workshops papers= 2
- ☐ 85 studies related

Results:

- ☐ Risks
- ☐ Relationships
- ☐ Financing
- ☐ Project success factors
- ☐ Concession period
